DOCKET NO. 17:03
MUSGNUG, ROBERT P.

BLOCK 20, LOT 10

The existing two-story house will be removed and replaced with a new two story house. The new, proposed footprint is larger than the existing house, but will permit the removal of a free-standing shed, and thereby reduce both building and lot coverage from the current coverage. In addition, the new footprint increases the first-floor area, so that although not in conformity, it is less non-conforming. Applicant is requesting a first-floor elevation of 12.5 feet where the existing elevation is 5 feet. Where 9 feet is required, 11 feet provides the best FEMA compliance. By permitting one additional foot above the 11 feet the applicant can provide off street parking from two vehicles with no waivers. The new proposed house will correct the front yard and rear yard nonconformities, improve the side yard nonconformities and bring the lot coverage into compliance.

Approved: 4/19/2017

DOCKET NO.17:04
