Independent Auditor's Report

Borough of Ship Bottom
Ship Bottom, NJ 08008

I have audited the accompanying financial statements of the various funds of the Borough of Ship Bottom, State of New Jersey (the Borough), as of and for the year ended December 31, 2010, as listed in the table of contents. These financial statements are the responsibility of the Borough's management. My responsibility is to express opinions on these financial statements based on my audit.

I conducted my audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinions.

As described in Note 1, the Borough of Ship Bottom prepares its financial statements on a basis of accounting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, that demonstrates compliance with a modified accrual basis, with certain exceptions, and the budget laws of the State of New Jersey, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

In my opinion, because of the Borough of Ship Bottom's policy to prepare its financial statements on the basis of accounting discussed in the preceding paragraph, the financial statements referred to above do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the various funds of the Borough of Ship Bottom, State of New Jersey, as of December 31, 2010 or the results of its operations or cash flows for the year then ended.

However, in my opinion, the financial statements present fairly, in all material respects, the financial position of the various funds of the Borough of Ship Bottom, State of New Jersey as of December 31, 2010, and the results of its operations and the changes in fund balance of the individual funds for the years then ended and the revenues, expenditures and fund balance for the year ended December 31, 2010, on the basis of accounting described in Note 1.

In accordance with *Government Auditing Standards*, I have also issued my report, dated June 17, 2011, on my consideration of the Borough of Ship Bottom's, State of New Jersey, internal control over financial reporting and on my tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is to describe the scope of my testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of my audit.

My audit was conducted for the purpose of forming opinions on the financial statements taken as a whole. The accompanying schedules of expenditures of federal awards and state financial assistance are presented for purposes of additional analysis, and are not a required part of the financial statements. In addition, the supplementary financial statements presented for the various funds are presented for purposes of additional analysis as required by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and, in my opinion, is fairly presented in all material respects in relation to the financial statements taken as a whole.

A handwritten signature in black ink, appearing to read 'Michael P. Gross', with a date '6-22' written to the right.

Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

Borough of Ship Bottom
Ship Bottom, New Jersey

I have audited the financial statements of the Borough of Ship Bottom, State of New Jersey, as of and for the year ended December 31, 2010 and have issued my report thereon dated June 17, 2011. My report disclosed that, as described in Note 1 to the financial statements, the Borough of Ship Bottom prepares its financial statements on a basis of accounting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, that demonstrates compliance with a modified accrual basis and the budget laws of the State of New Jersey, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. I conducted my audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey.

Internal Control Over Financial Reporting

In planning and performing my audit, I considered the Borough of Ship Bottom's internal control over financial reporting as a basis for designing my auditing procedures for the purpose of expressing my opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Borough of Ship Bottom's internal control over financial reporting. Accordingly, I do not express an opinion on the effectiveness of the Borough of Ship Bottom's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

My consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. I did not identify any deficiencies in internal control over financial reporting that I consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Borough of Ship Bottom's financial statements are free of material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of my audit and accordingly, I do not express such an opinion. The results of my tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey.

This report is intended solely for the information and use of the governing body; management; the Division of Local Government Services, Department of Community Affairs, State of New Jersey; and other state and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

BOROUGH OF SHIP BOTTOM
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2010

1. Summary of Significant Accounting Policies

A. Reporting Entity

Except as noted below, the financial statements of the Borough of Ship Bottom included every board, body, officer or commission supported and maintained wholly or in part by funds appropriated by the Borough of Ship Bottom as required by N.J.S. 40A:5-5.

B. Description of Funds

The accounting policies of the Borough of Ship Bottom conform to the accounting principles applicable to municipalities which have been prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Such principles and practices are designated primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Under this method of accounting, the Borough of Ship Bottom accounts for its financial transactions through the following separate funds:

Current Fund – resources and expenditures for governmental operations of a general nature, including Federal and State grant funds.

Trust Fund – receipts, custodianship and disbursements of funds in accordance with the purpose for which each reserve was created.

General Capital Fund – receipts and disbursements of funds for the acquisition of general capital facilities, other than those acquired in the Current Fund.

Utility Operating and Capital Funds – account for the operations and acquisition of capital facilities of the municipally-owned Water/Sewer Utility.

Public Assistance Fund – receipts and disbursements of funds that provide assistance to certain residents of the municipality pursuant to Title 44 of New Jersey Statutes.

C. Basis of Accounting

The accounting principles and practices prescribed for municipalities by the State of New Jersey differ in certain respects from generally accepted accounting principles applicable to local government units. The more significant policies in New Jersey follow.

BOROUGH OF SHIP BOTTOM
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2010

1. Summary of Significant Accounting Policies (continued)

C. Basis of Accounting (continued)

A modified accrual basis of accounting is followed with minor exceptions.

Revenues – are recorded as received in cash for certain amounts which are due from other governmental units. Receipts from Federal Revenue Sharing funds and other Federal and State grants are realized as revenue when anticipated in the municipal budget. Receivables for property taxes are recorded with offsetting reserves on the balance sheet of the municipality's Current Fund; accordingly, such amounts are not recorded as revenue until collected. Other amounts that are due the municipality which are susceptible of accrual are recorded as receivables with offsetting reserves and recorded as revenue when received.

Expenditures – are recorded on the "budgetary" basis of accounting. Generally, expenditures are recorded when an amount is encumbered for goods or services through the issuance of a purchase order in conjunction with the Encumbrance Accounting System. Outstanding encumbrances at December 31 are reported as a cash liability in the financial statements and constitute part of the municipality's statutory Appropriation Reserve balance. Appropriation reserves covering unexpended appropriation balances are automatically created at December 31 of each year and recorded as liabilities, except for amounts which may be canceled by the governing body. Appropriation reserves are available, until lapsed at the close of the succeeding year, to meet specific claims, commitments, or contracts incurred during the preceding fiscal year. Lapsed appropriation reserves are recorded as income. Appropriations for principal payments on outstanding general capital and utility bonds and notes are provided on the cash basis; interest on general capital indebtedness is on the cash basis, whereas interest on utility indebtedness is on the accrual basis.

Foreclosed Property – Foreclosed Property is recorded in the Current Fund at the assessed valuation when such property was acquired and is fully reserved.

Interfunds – Interfund receivables in the Current Fund are recorded with offsetting reserves which are created by charges to operations. Income is recognized in the year the receivables are liquidated. Interfund receivables in other funds are not offset by reserves.

NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2010

1. Summary of Significant Accounting Policies (continued)

C. Basis of Accounting (continued)

Inventories of Supplies – The cost of inventories of supplies for all funds are recorded as expenditures at the time individual items are purchased. The cost of inventories are not included on the various balance sheets.

General Fixed Assets – In accordance with Technical Accounting Directive No. 85-2, Accounting for Governmental Fixed Assets, as promulgated by the Division of Local Government Services, which differs in certain respects from generally accepted accounting principles, the municipality has developed a fixed assets accounting and reporting system based on an inspection and historic cost analysis.

Fixed assets used in governmental operations (general fixed assets) are accounted for in the General Fixed Assets Group. Public domain (“infrastructure”) general fixed assets consisting of certain improvements other than buildings, such as roads, bridges, curbs and gutters, streets and sidewalks and drainage systems are not capitalized.

All fixed assets are valued at historical cost if actual historical cost is not available, except for land, which is valued at estimated market value.

No depreciation has been provided for in the financial statements.

Expenditures for construction in progress are recorded in the Capital Funds until such time as the construction is completed and put into operation.

Fixed assets acquired through grants in aid or contributed capital have not been accounted for separately.

Accounting for utility fund “fixed capital” remains unchanged under the requirements of Technical Accounting Directive No. 85-2.

Property and equipment purchased by the Water/Sewer Utility Fund are recorded in the capital account at cost and are adjusted for disposition and abandonment. The amounts shown do not purport to represent reproduction cost or current value. Contributions in aid of construction are not capitalized. The balance in the Reserve for Amortization and Deferred Reserve for Amortization accounts in the utility capital fund represent charges to operations for the costs of acquisition of property, equipment, and improvements. The utility does not record depreciation on fixed assets.

5. Pensions

Employees who are eligible for a pension plan are enrolled in one of three pensions systems administered by the Division of Pensions, Treasury Department of the State of New Jersey. The three State-administered plans are: (1) the Public Employees' Retirement System; (2) the Consolidated Police and Firemen's Pension Fund; and (3) the Police and Firemen's Retirement System. The Division annually charges municipalities and other participating governmental units for their respective contributions to the plans based upon actuarial methods. A portion of the cost is contributed by the employees. The Borough's share of pension costs, which is based upon the annual billings received from the State, amounted to \$275,209.00 for 2010 and \$269,176.00 for 2009.

Borough employees are also covered by the Federal Insurance Contribution Act.

Information as to the comparison of the actuarially computed value of vested benefit with the system's assets is not available from the State Retirement System and, therefore, is not presented.

6. Accrued Sick and Vacation Benefits (Compensated Absences)

The Municipality has permitted employees to accrue unused vacation and sick pay, to a limited extent, which may be paid upon retirement at an agreed upon rate. The Municipality's policy is to pay this out of current budgets when due. It is estimated that the current cost of such unpaid compensation is not considered material, and is not included in these financial statements as a long-term liability.

COMPARISON OF TAX LEVIES & COLLECTION CURRENTLY

A study of this tabulation could indicate a possible trend in future tax levies. A decrease in the percentage of current collection could be an indication of a probable increase in future levies.

		----- Currently -----	
<u>Year</u>	<u>Tax Levy</u>	<u>Cash Collection</u>	<u>Percentage of Collection</u>
2010	\$10,712,758.70	10,417,951.46	97.24 %
2009	10,727,129.12	10,398,223.02	96.93 %
2008	10,341,358.88	10,049,886.21	97.18 %

DELINQUENT TAXES & TAX TITLE LIENS

This tabulation includes a comparison, expressed in percentage, of the total of delinquent taxes and tax title liens in relation to the tax levies of the last three years.

Dec. 31, <u>Year</u>	Amount of Tax Title <u>Liens</u>	Amount of Delinquent <u>Taxes</u>	Total <u>Delinquent</u>	Percentage of Tax Levy
2010	\$16,580.70	271,480.45	288,061.15	2.68%
2009	15,372.48	315,359.87	330,732.35	3.14%
2008	14,155.82	287,319.84	301,475.66	2.91%

PROPERTY ACQUIRED BY TAX TITLE LIEN LIQUIDATION

No properties were acquired in 2009 by foreclosure as a result of liquidation of tax title liens. The value of property acquired by liquidation of tax title liens on December 31, on the basis of the last assessed valuation on such properties was as follows:

2010	\$ 20,010.00
2009	20,010.00
2008	20,010.00

COMPARISON OF WATER/SEWER UTILITY LEVIES

<u>Year</u>	<u>Levy</u>	Cash <u>Collections</u>	Percentage of <u>Collection</u>
2010	\$ 1,383,791.87	1,276,705.62	92.26%
2009	1,367,602.44	1,232,436.81	90.16%
2008	1,324,422.83	1,088,008.10	82.14%

All other Officials and Employees are covered under a blanket policy issued by the
Ocean County Municipal Joint Insurance Fund (JIF) in the amount of \$50,000.00.

BOROUGH OF SHIP BOTTOM

PART II

LETTER OF COMMENTS AND RECOMMENDATIONS

YEAR ENDED DECEMBER 31, 2010

GENERAL COMMENTS

Contracts and Agreements required to be Advertised
per N.J.S. 40A:11-4

N.J.S. 40A:11-4 states "Every contract or agreement, for the performance of any work or the furnishing or hiring of any materials or supplies, the cost of the contract price whereof is to be paid with or out of public funds not included within the terms of Section 3 of this act, shall be made or awarded only by the governing body of the contracting unit after public advertising for bids and bidding therefor, except as is provided otherwise in this act or specifically by any other law. No work, materials or supplies shall be undertaken, acquired or furnished for a sum exceeding in the aggregate the amount set forth in, or the amount calculated by the Governor pursuant to section 3 of P.L. 1971, c.198 (C.40A: 11-3), except by contract or agreement."

The governing body of the Municipality has the responsibility of determining whether the expenditures in any category will exceed \$21,000.00 within the fiscal year. Where question arises as to whether any contract or agreement might result in violation of the statute, the solicitor's opinion should be sought before a commitment is made.

The minutes indicate that bids were requested by public advertising for the following items:

Road Reconstruction, and Water Storage Tank Repair/Repainting.

The minutes indicate that resolutions were adopted and advertised authorizing the awarding of contracts or agreements for "Professional Services" per N.J.S. 40A:11-5.

Disbursements were reviewed to determine whether any clear cut violations existed.

My examination of expenditures did not reveal any individual payments, contracts, or agreements in excess of \$21,000.00 "for the performance of any work or the furnishing or hiring of any materials or supplies", other than those where bids had been previously been adopted under the provision of N.J.S. 40A:11-6.

Collection of Interest on Delinquent Taxes

The Statute provides the method for authorizing interest and the maximum rates to be charged for non-payment of taxes on or before the date when they would become delinquent.

The governing body adopted a resolution authorizing interest to be charged for non-payment of taxes on or before the date when they would become delinquent at the rate of 8% per annum on amounts up to \$1,500.00, 18% on amounts over \$1,500.00. There is also a 10-day grace period prior to charging interest.

It appears from an examination of the Collector's record that interest was collected in accordance with the foregoing resolution.

Delinquent Taxes and Tax Title Liens

A tax sale was held on November 10, 2010 and was complete.

Inspection of tax sale certificates on file revealed that all tax sale certificates were available for audit.

The following comparison is made of the number of tax title liens receivable on December 31 of the last three years:

<u>Year</u>	<u>Number of Liens</u>
2010	1
2009	1
2008	1

Verification of Delinquent Taxes and Other Charges

A test verification of delinquent charges and current payments was made in accordance with the regulations of the Division of Local Government Services, including mailing of verification notice as follows:

<u>Type</u>	<u>Number Mailed</u>
Payment of 2011 Taxes	37
Payment of 2010 Taxes	37
Delinquent Taxes	15
Payment of Water/Sewer Utility Charges	37
Delinquent Water/Sewer Utility Charges	12

The results of the test, which was made as of December 31, 2010, is not yet known, but a separate report will be filed if any irregularities are disclosed.

Follow-up of Prior-Year Findings

In accordance with Government Auditing Standards, a review was made of all prior-year findings. Corrective action was taken on all.
